

# XXVI MONOGRÁFICA DEL CLUB ESPAÑOL DEL PERRO SAN BERNARDO

10 y 11 de Octubre de 2009  
JUMILLA

## *Spanish Hospitality and "Agility Gigante"*

The Spanish St. Bernard club have their National Specialty in October every year. Last autumn I was invited by my friends Miguel and Primitivo to attend. On their website they announced : "The day before the show we will have a fiesta on our farm for friends and members of the Club. Visit a Bodega, afterwards will a Paella and all drinks (water, beer, Cola, wine and coffee) be served in their garden. Gratis! Free of charge."

The Club has had problems for some time, the Board

resigned and the activity was minimal. Some Fanciers decided to try to revive it, got a new Board, and now they were having their first Monografica. The German judge Peter Briskorn was invited.

Saturday morning people started to come, to help out in many ways. Everything was so well prepared by the hosts, in every detail that I was impressed. On the high lawn bushes, flowers, statues

and flags. (Even the Norwegian in my honor) Music was playing. Lots of tables and chairs, fridges and huge paellapan.

The idea was good!!! 200 came, ate and drank for hours. Afterwards could the breeders ask Peter Briskorn about breeding. In the evening a

new tapas-meal was served, for this we paid 30 Euro. 80 had a great time. For a Norwegian it was fascinating to sit outdoors in October under the stars and a full moon.

As spectators 30 El Carhe-Saints who were interested but did not bark. It is a very nice kennel with lots of space, the dogs go in small or big groups. The dog also in the mountains for walks, loose as a pack!

There was also built the beginning of an Agility course of Saintly dimensions. AGILITY GIGANTE. Impressive to see a big male jumping up with great strength (over 2 meters high), climbing over the fence and down on the other side. He finished on a marble table where he sat down.

I hope the new Board will be allowed to continue to work for/and with the members. Our breed needs strong people willing to work, both National and International.

Thanks for all the hospitality and friendship I have met in Spain during the last 20 years.
